Dear Lumberton Families,

I am writing to you today to share some very exciting news. One of our LMS teachers, Mrs. Patricia (Trish) Lee, has been awarded the **2019 Presidential Award for Excellence in Mathematics and Science Teaching**. This is the highest recognition any math or science teacher can receive in the United States. Mrs. Lee is the only middle school teacher from New Jersey to receive the science award this year.

Tomorrow, she will be going to Washington, D.C. for three days of professional development, an awards ceremony, and an awards gala. On Friday she will be honored at the White House.

Her principal, Mr. Wrigley, wrote: “Any of you who have had children in her science classes know what an outstanding educator she is.”
