Lumberton, NJ – September 26, 2018 – Due to the effects of Hurricane Florence, our fellow Lumbertonians in North Carolina need our support. Weeks after Florence made landfall, they continue to battle record flooding that has still yet to recede in parts of the town. Accordingly, Township Officials made a public request at its September 25th Township Committee Meeting for residents to help support those in Lumberton, NC who are in need of our help.

Mayor Michael Mansdoerfer stated, “We know all too well here in Lumberton, NJ about the effects of flooding along the Rancocas Creek, most especially the 2004 flood and those thereafter. When we were affected, Lumberton, NC graciously sent our residents supplies and monetary donations through the Red Cross. We, as a Township Committee, are now asking our residents to come together so that we can return the favor. Our fellow Lumbertonians have been devastated by this storm and we want them to know that we are here to support them as they recover,” added Mayor Mansdoerfer.
